Hello Friends,

Here is the video of water in Dimock, Pa. since Fracking Only was allowed around Thanksgiving 2012.

These people have been suffering for over 4 years and now DEP let them Do It Again, Please Help.

We are going to Prove that Fracking Only contaminates water and Prove It in Dimock, Pa., Finally.

Cabot petitioned DEP and Our elected officials and They said Yes to Contaminate Dimock Again !!!

The Only activity allowed was to Frack or Finish 7 wells this happened after only 2 were completed.

We are still in need of donations to keep Clean Water going to Our neighbors, Thank You for the Help.

Bad Well Water After Fracking - 12-23-12.

by [Vera Scroggins](#)

DEP gave permission to Cabot to "finish"(frack) seven wells in the Dimock , 9 square mile Moratorium area. So, now we have this instance of change in water quality after fracking only nearby this water well. This happened the past month. How many others are affected like this? This is what the Gas Industry can not afford for you to see. This is just released.
